Services Overview

Nearly every industry today faces shrinking product life cycles, demand for an ever increasing range of products and the need to deliver the right products to the right customers at the right time while minimizing lead times and inventory levels – all while manufacturing activity becomes increasingly globalized and outsourced. In this environment, a company’s ability to compete and win will depend on the efficiency and responsiveness of its supply chain.

Bristlecone is a leader in helping its clients maximize the strategic value of their supply chain. Bristlecone has been a trusted partner and advisor to many leading, globally recognized companies such as Applied Materials, Exxon Mobil, Flextronics, LSI Logic, Mahindra, Motorola, Nestle, Nike, Palm, Qatar Petroleum, Ranbaxy, Unilever and Whirlpool. Bristlecone has completed over 100 successful client engagements, partnering with clients to support initiatives ranging from supply chain strategy and network design to supply chain systems implementations.

Our Services

Our depth of expertise results from practical experience in dealing with real world supply chain management issues that many of our consultants brought to Bristlecone from their earlier careers.

Our supply chain strategy, process design and systems implementation services cover the entire supply chain spectrum, including:

- Demand and supply planning
- Inventory and supplier collaboration
- Strategic sourcing and supplier relationship management
- Supply chain and spend analytics
- Warehouse management
- Supply chain event management
- Data management and integrity

Why Bristlecone?

We focus on obtaining business, not technical results. Our deployment methodology enables us to perform a rapid assessment of your supply chain environment or a fast implementation of your supply chain system.

Bristlecone is recognized as the premium SAP consulting organization in the industry
Our SAP services include:

- Implementation of SAP Supply Chain solutions
- SAP integration, NetWeaver certification and development of custom NetWeaver applications for ISVs

Our SAP Expertise

Bristlecone is recognized as the premium SAP consulting organization in the industry. Our SAP services include:

- Systems integration and implementation of SAP supply chain solutions: We work jointly with SAP in three major geographies of the world – America, Western Europe and Asia/Pacific to deliver innovative, world class solutions across the supply chain management spectrum
- SAP Development and certification: Bristlecone Labs, a division of Bristlecone, has now become the partner of choice for Independent Software Vendors (ISVs) for integrating their software with SAP and obtaining NetWeaver certification. Bristlecone Labs also assists ISVs with development and integration of custom SAP NetWeaver based business applications, custom development of NetWeaver-based composite applications and migration of existing applications to the SAP stack.

Why Choose Bristlecone?

The promise of the Bristlecone Advantage is:

- Superior domain knowledge through an exclusive focus on supply chain management and SAP
- Practical, first-hand, real world experience in the domain
- Complete range of services from strategy and process consulting through systems design and implementation and managed business services
- A focus on business, not just technical results
- Significantly faster time to value
- Fixed or results-based pricing for complete accountability

Bristlecone is a leader

in helping clients maximize the strategic value of their supply chain.
